FOR IMMEDIATE RELEASE

**GIFT OF HEALTH PACKAGE OFFERED BY AIRPORT URGENT CARE TO TRAVELERS AND LOCALS AT  
Phoenix Sky Harbor International Airport**  
*Quick, Convenient Airport Access to Illness Prevention & Recovery Offer During Flu Season*

PHOENIX—Flu season has hit and, according to statistics from the Center for Disease Control (CDC) over a 5-season average, the occurrences of influenza in Arizona tend to spike around the December holiday season. The good news is travelers in and out of Phoenix Sky Harbor International Airport, along with Valley locals and airport employees, have timely and convenient access to the Gift of Health for themselves or their loved ones. The US CareWays Airport Urgent Care is now offering a Gift of Health illness prevention package that includes an immunity boost (Engystol injection), a flu shot - since it's not too late to protect your body from the flu, a travel sanitizer with a carabiner, and a Kleenex pack for only \$50. This package is available daily at their walk-in urgent care that is open Monday through Friday between 8 a.m.-8 p.m. and Saturday to Sunday between 8 a.m.-8 p.m. in Terminal 4, Level 3 (pre-security, inside the Drugs & More retail store).

If the flu hits before travelers, airport employees, and locals take preventative measures, the nationally accredited US CareWays Airport Urgent Care can provide immediate care and antiviral prescription medications, that aren't available over the counter, to treat the illness and make it milder or even shorten the length of sickness. Tracy Patterson, Executive Vice President of US CareWays, explained that, "flu-like symptoms can include fever, body aches, headache, chills, fatigue, sore throat, runny or stuffy nose, cough, and possibly vomiting and diarrhea."

Our qualified, licensed medical professionals, who provide high-quality medical care for travelers, locals, and airport employees every day, are prepared to get people in and out quickly for their Gift of Health package or general medical care so they can avoid missing travel, work, or seasonal festivities due to the flu and continue on with their holiday plans.

**What:** \$50 Quick, Convenient Gift of Health Illness Prevention Package Offered at Airport Urgent Care
